Number using the district	}	None during the year
Tonnage		
Places served		

SECTION V - WATER SUPPLY

No change

SECTION VI - PUBLIC HEALTH (SHIPS) REGULATIONS, 1952

No change

SECTION VII - SMALLPOX

- (1) Name of Isolation Hospital to which smallpox cases are sent from the district:

Smallpox Hospital, Ipswich.

- (2) Arrangements for transport of such cases to that hospital by ambulance, giving the name of the Authority responsible for the ambulance and the vaccinal state of the ambulance crews:

In the event of there being a suspected case, the Resident Medical Officer of Health, St. Helen's Hospital, Ipswich, telephone number Ipswich 77211, would be contacted. He would make all necessary arrangements for the ambulance and be responsible for ensuring that any necessary vaccination or disinfection of the ambulance crew was carried out.

- (3) Name(s) of smallpox consultant(s) available:

Dr.G. Nesbit, Peterborough

Dr. Oliver, Norfolk & Norwich Hospital, Norwich

Dr. J. H. C. Clarke, Public Health Department, Sleaford.

- (4) Facilities for laboratory diagnosis of smallpox:

In the event of laboratory diagnosis being required, reference would be made to the Public Health Laboratory, Tennis Court Road, Cambridge.

SECTION VIII - VENEREAL DISEASE

No change

SECTION IX - CASES OF NOTIFIABLE AND OTHER INFECTIOUS DISEASES ON SHIPS

Table D

<u>Category</u>	<u>Disease</u>	<u>Number of cases during year</u>		<u>Number of ships concerned</u>
		<u>Passengers</u>	<u>Crew</u>	
Cases landed from ships from foreign ports	-	Nil	Nil	Nil
Cases which have occurred on ships from foreign ports but which have been disposed of before arrival	-	Nil	Nil	Nil
Cases landed from other ships	-	Nil	Nil	Nil

SECTION X - OBSERVATIONS ON THE OCCURRENCE OF MALARIA IN SHIPS

No cases of malaria have occurred

SECTION XI - MEASURES TAKEN AGAINST SHIPS INFECTED WITH OR SUSPECTED FOR PLAGUE

There were no ships infected with or suspected for plague.

SECTION XII - MEASURES AGAINST RODENTS IN SHIPS FROM FOREIGN PORTS

(1) Procedure for inspection of ships for rats:

The Public Health Inspector, as a normal measure, makes an inspection of ships from foreign ports. Should the presence of rats be found or suspected, he would take any necessary action.

(2) Arrangements for the bacteriological or pathological examination of rodents, with special reference to rodent plague, including the number of rodents sent for examination during the year:

Any cases coming under this heading would be sent to the Public Health Laboratory, Tennis Court Road, Cambridge. No rodents were sent for examination during the year.

(3) Arrangements in the district for deratting ships, the methods used and, if done by a commercial contractor, the name of the contractor:

The deratting of ships is the responsibility of the Public Health Inspector, who uses the fumigation method and/or poison bait method.

(4) Progress in the rat-proofing of ships:

Table E

Rodents destroyed during the year in ships from foreign ports

<u>Category</u>	<u>Number</u>
Black rats	Nil
Brown rats	Nil
Species not known	Nil
Sent for examination	Nil
Infected with plague	Nil

Table F

Deratting certificates and deratting exemption certificates issued during the year for ships from foreign ports

This is not applicable as the port is not an "approved port" or a "designated approved port".

SECTION XIII - INSPECTION OF SHIPS FOR NUISANCES
